Light refreshments will be served

Dear Colleagues,

You and your staff are warmly invited to attend one of our special events to “kick off” our new Mission, Vision, and Values.

We have new opportunities for change due to the Mental Health Services Act, Health Care Reform and challenging economic times. We want to use these opportunities to create greater collaboration, and build one of the most effective, integrated and innovative systems of behavioral health care services in California. Our new Mission, Vision and Values will both serve as our foundation and help guide us as we continue to move toward wellness, recovery and resiliency for our consumers, clients, families and communities.

Please join me for a presentation of our new Mission, Vision and Values and a discussion regarding our system transformation.

Sincerely,

Marye T

Marye L. Thomas, MD, Director
Alameda County Behavioral Health Care Services
